### ESTATESERIES

Anyone who understands the practical aspects of hunting knows what to expect from the technical features of a hunting gun. Any hunting scenario demands full concentration. Being ready to fire immediately and maintaining utmost safety are mere fractions of a second apart.

The guns handling must therefore be straightforward and intuitive—never distractive.

Thanks to the use of advance technology Dickinson products unite excellent ballistic performance and superb functional qualities on an industrial level following high standards. All models are manufactured with elegant design and functional qualities that transform a good gun into a great gun.

## OVER&UNDER

### ELITE SERIES

Elite Series are premium trigger plate guns combining the latest modern CNC technology and traditional features such as CNC machined lever mainsprings. The receivers are machined from solid billets of moly-chrome steel finished with genuine Bone Charcoal color case-hardening. Elite Series boasts hand-oiled Turkish Walnut stocks and forends, 5 thin-walled chokes.
